

Shared assets microwave attachment offering

We are helping you to connect people all over the province

If you're looking to expand your coverage needs, make use of our microwave towers to build and support your network.

Is this offer for you?

If you require the elevation to support your network or need to reach remote communities, our microwave towers can provide a solution for your needs.

The offer

Leverage BC Hydro's microwave towers for your wireless and radio equipment attachments. By installing on our microwave towers, you will be able to mount several antennas, connected to your nearby control equipment. The entire installation will be powered by BC Hydro-supplied service. One of the benefits of attaching to our microwave towers, is the ability for you to perform your own installations and maintenance.

SOME GUIDELINES APPLY:

- Customers will enter into a Master Service Agreement with BC Hydro to participate in the Microwave Tower Attachment program.
- Customers will develop site designs in accordance with relevant BC Hydro guidelines and requirements.
- Customers are responsible for obtaining all necessary municipal and federal permits associated with their Microwave Tower installation.

Why Choose BC Hydro?

Location is everything

Wherever people go in our province, we are likely already there. This includes remote communities with limited network access. Take advantage of elevation on microwave towers to support your needs.

Building your Network with us

Leverage BC Hydro assets to build your network

UNDERSTANDING YOUR NEEDS

We will work with you to select the correct pole to meet your needs, and assign a dedicated team to manage your project from start to finish.

PREPARING FOR YOUR INSTALLATION

We will partner with you to make our assets ready for your installations.
