

# Basic Distribution System Information Request Application

If you are a private power developer who has identified potential project site(s) in British Columbia and you would like to know where to connect to BC Hydro distribution line(s), we can assist you with a Basic Distribution System Information Request.

Your contact information		Application date:	
Developer/owner:			
Contact name:		Your role:	
Contact address:			
Contact phone:		Contact email:	

BC Hydro will provide the first two requests in a 12 month period at no cost. After that, a \$735 charge (\$700 plus 5% GST) will apply for each site information request.

Proposed site #1	Project name:		
Nearest city or town:			
Latitude (deg min sec):		Longitude (deg min sec):	
Maximum power injection (MW):			
Energy source (hydro, wind, solar, biomass, etc.):			
You may also add any additional details that could help our analysis			

Proposed site #2	Project name:		
Nearest city or town:			
Latitude (deg min sec):		Longitude (deg min sec):	
Maximum power injection (MW):			
Energy source (hydro, wind, solar, biomass, etc.):			
You may also add any additional details that could help our analysis			

<b>Proposed site #3</b>	Project name:		
Nearest city or town:			
Latitude (deg min sec):		Longitude (deg min sec):	
Maximum power injection (MW):			
Energy source (hydro, wind, solar, biomass, etc.):			
You may also add any additional details that could help our analysis			

<b>Proposed site #4</b>	Project name:		
Nearest city or town:			
Latitude (deg min sec):		Longitude (deg min sec):	
Maximum power injection (MW):			
Energy source (hydro, wind, solar, biomass, etc.):			
You may also add any additional details that could help our analysis			

<b>Proposed site #5</b>	Project name:		
Nearest city or town:			
Latitude (deg min sec):		Longitude (deg min sec):	
Maximum power injection (MW):			
Energy source (hydro, wind, solar, biomass, etc.):			
You may also add any additional details that could help our analysis			

Please email your completed application form to [Distribution.Generators@bchydro.com](mailto:Distribution.Generators@bchydro.com). You can expect a results letter in approximately two weeks depending on BC Hydro workload.
